

Arizona Complete Health-Complete Care Plan

Lista completa de medicamentos preferentes:

La lista completa de medicamentos de Arizona Complete Health-Complete Care Plan incluye medicamentos que han sido revisados y aprobados por un comité de médicos y farmacéuticos. No es una lista completa de todos los medicamentos cubiertos. Si necesita un medicamento que no figura en la lista, llame a los servicios para afiliados de Arizona Complete Health-Complete Care Plan y pregunte si está cubierto. Si el medicamento no está cubierto, su médico puede solicitar autorización previa para cubrir el medicamento.

La lista de medicamentos se actualiza con frecuencia y puede cambiar. Puede ver la lista de medicamentos más reciente en www.azcompletehealth.com/providers/pharmacy.html

Programa de farmacia

Arizona Complete Health-Complete Care Plan proporciona farmacoterapia adecuada, de alta calidad y rentable a todos los afiliados de Arizona Complete Health-Complete Care Plan. Arizona Complete Health-Complete Care Plan cubre medicamentos recetados y ciertos medicamentos de venta libre (OTC) cuando son indicados por un médico. Algunos medicamentos requieren autorización previa (PA) o tienen límites para la edad, dosis y cantidades máximas.

Los medicamentos genéricos tienen el mismo principio activo que sus equivalentes con nombre de marca y deben usarse como primera línea de tratamiento. Esto se aplica a menos que se indique concretamente que se prefiere una marca. Si no hay un medicamento genérico disponible, puede haber más de un medicamento de nombre de marca que se pueda usar en su tratamiento. La Lista de medicamentos preferentes (PDL) completa de Arizona Complete Health-Complete Care se revisa con frecuencia por nuestro Comité de Farmacia y Tratamientos (P&T) de Arizona Complete Health. Esto ayuda a promover el uso apropiado y rentable de los medicamentos.

Límites de dosis

Puede obtener hasta un suministro máximo de treinta (30) días por cada nueva receta médica o reabastecimiento de la mayoría de medicamentos. Puede obtener hasta un suministro de noventa (90) días si:

- El medicamento está prescrito para una enfermedad crónica
- Usted va a estar fuera del área de servicio durante un largo periodo de tiempo
- La receta está limitada al periodo de tiempo
- El medicamento está prescrito para anticoncepción

Debe haber transcurrido un total del 85 % del suministro de 30 días antes de que se pueda reabastecer la receta médica para la mayoría de los medicamentos.

Autorización previa y otros límites

Algunos medicamentos que figuran en la PDL completa de Arizona Complete Health-Complete Care Plan pueden requerir autorización previa (PA). Su médico o farmacéutico solicitará una PA para usted. La información deberá ser presentada por el practicante o farmacéutico en el formulario de autorización previa de medicamentos. Puede encontrar este documento en el sitio web de Arizona Complete Health-Complete Care Plan en <https://www.azcompletehealth.com/providers/pharmacy.html>. Pueden enviar la PA por fax al 1-855-554-5233 o su proveedor médico puede enviar una solicitud de PA electrónicamente a <https://www.covermyeds.com/main/prior-authorization-forms/>.

No todos los medicamentos oncológicos están enumerados abajo. Todos los agentes

oncológicos (antineoplásicos) no reembolsables por las autoridades federales están disponibles mediante autorización previa.

Arizona Complete Health-Complete Care Plan cubrirá el/los medicamento(s) si:

1. Existe un motivo médico que requiera el/los medicamento(s) específico(s)
2. Dependiendo del medicamento, otros medicamentos en la PDL no han funcionado

Si la solicitud es aprobada, Arizona Complete Health-Complete Care Plan informa al médico por fax. Si la información clínica provista no cumple con los criterios de cobertura para el medicamento solicitado, Arizona Complete Health-Complete Care Plan realizará lo siguiente:

- Revisará la solicitud y les informará a usted y su médico sobre nuestra decisión
- Le informará sobre medicamentos alternativos, si estuviesen disponibles
- Proporcionará información sobre lo que puede hacer para apelar nuestra decisión si no está de acuerdo con ella.

Abreviación	Significado	Cómo funciona
AL	Límite de edad	Algunos medicamentos solo están cubiertos para ciertas edades.
F	Formulario	Estos medicamentos están cubiertos por Arizona Complete Health-Complete Care Plan.
MP	Producto de mantenimiento	Estos medicamentos se utilizan para el tratamiento de afecciones o enfermedades a largo plazo.
NF	Fuera del formulario	Estos medicamentos requieren autorización para estar cubiertos por Arizona Complete Health-Complete Care Plan.
PA	Autorización previa	Su médico debe solicitar la aprobación de Arizona Complete Health-Complete Care Plan antes de cubrir algunos medicamentos.
QL	Límite de cantidad	Algunos medicamentos solo están cubiertos para una cantidad determinada.
SP	Producto especial	Se utilizan para el tratamiento de afecciones complejas o raras como hepatitis C o artritis reumatoide.
ST	Terapia escalonada	En algunos casos, primero debe probar ciertos medicamentos antes de que Arizona Complete Health-Complete Care Plan cubra otro medicamento para su afección médica. Por ejemplo, si el Medicamento A y el Medicamento B tratan su afección médica, el plan puede no cubrir el Medicamento B a menos que pruebe primero el Medicamento A.

Solicitudes por necesidad médica

Si necesita un medicamento para tratar una afección que no figura en la PDL, su médico puede presentar una solicitud de necesidad médica (MN) para el medicamento.

Política de suministro de emergencia

Las leyes estatales y federales exigen que una farmacia dispense un suministro de hasta 4 días a cualquier afiliado que espera una determinación de PA. El propósito es evitar la interrupción del tratamiento o retrasos en el inicio del tratamiento. Las farmacias de la red están autorizadas a proporcionar un suministro de hasta 4 días de medicamentos tradicionales (no especiales). Solicite a su farmacia que llame al Servicio de asistencia a farmacias al **1-888-624-1131** para obtener ayuda para reabastecer el suministro de emergencia de 4 días.

Exclusiones

La lista de medicamentos de Arizona Complete Health-Complete Care Plan no incluye ciertos medicamentos. Los siguientes tipos de medicamentos están excluidos de la cobertura. Tampoco están disponibles como suministro de emergencia de 4 días.

- Los medicamentos que se consideran experimentales o de investigación (los afiliados que estén inscritos pueden participar en servicios experimentales; no obstante, AHCCCS no reembolsará dicho servicio experimental de acuerdo con la normativa A.A.C. R9-22-203)
- Medicamentos de estudios de eficacia e implementación de medicamentos (DESI)
- Prótesis, aparatos y dispositivos
- Medicamentos recetados para esterilidad
- Medicamentos recetados para disfunción eréctil o sexual
- Medicamentos recetados únicamente con fines estéticos o para el crecimiento del cabello
- Vitaminas y minerales orales o medicamentos de venta libre, con la excepción de los que figuran en la PDL o si un afiliado tiene déficit de una vitamina que no figure en la PDL
- Suplementos nutricionales
- Marihuana médica
- Los medicamentos elegibles para la cobertura de Medicare Part D (para afiliados elegibles de Medicare); los copagos y costos compartidos para medicamentos de salud mental están cubiertos para los afiliados de SMI que también sean elegibles para Medicare.

Productos recién aprobados

Arizona Complete Health-Complete Care Plan revisa los nuevos medicamentos para determinar su seguridad y efectividad antes de agregarlos a la PDL. Durante este período, el acceso a estos medicamentos se considerará mediante el proceso de revisión de PA.
